

The following nutrition information is calculated utilizing a combination of internal nutritional analysis and independent laboratory analysis. An effort to provide complete and current nutrition information, however, the handcrafted nature of our menu items and changes in recipe, ingredients and kitchen procedures may cause variations from these values to occur. Therefore, the values shown here should be considered approximations. A 2,000 calorie daily diet is used for general nutrition advice but calorie needs vary.

Item Name	NUTRITIONAL VALUES										ALLERGENS
